

“I’m your new captain now,” says Brownbeard.  
 “Dirty Duncan, you’re the First Officer. Ferocious Fred,  
 you’re the Second Officer.”

“What am I?” asks Mixer Max.

“You’re the First Cook,” says Brownbeard. The pirates  
 laugh and Mixer Max is happy.

The pirates **row** their small boat to *The Sea Dragon*. There’s nobody on the ship because they’re all on the island. The happy pirates sail away on *The Sea Dragon*. They still want to find ships to attack. But Captain Brownbeard is different to Captain Crossbones. The pirates are his friends and they all like him. The pirates don’t want to see Captain Crossbones or *The Adventurer* again.

Chapter 11: Coconut Island

Captain Crossbones watches his pirates. They row to *The Sea Dragon*. They have a plan but he doesn’t know that. He sees Mixer Max in the boat and he’s confused.

“Maybe Mixer Max wants to see the food on *The Sea Dragon*,” thinks Captain Crossbones. He leaves *The Adventurer* and gets into another small boat. He rows to the island. Soon he sees Luis and the Spanish sailors. They’re standing next to a rock on the **west** of the island. He watches the sailors.

Two sailors start to **dig**. They find a big box with an old and dirty **lock**. Luis has the key. He opens the box. Inside there’s a lot of gold and jewels.
