

A Read Noa's paragraph and circle the words she uses to give her opinion.

Everyone should go to the Sorek Caves at least once in their lives. In my opinion, it's an experience you will never forget. The moment I entered the caves, I felt like I was in a magical forest. First of all, everywhere I looked, there were stalactites¹ and stalagmites². In addition, the tour guide was terrific. As she led us through the caves, she told us about their history. Personally I never knew geology could be so interesting. To sum up, I think the caves are a great place to visit.

²stalagmites זקיפים / صواعد
